

The Loving Proof

Dan Seals

Some people have a hard time believin' in the power of love
They can't imagine something lastin' forever
They say the odds aren't good enough

I wish they could the way we've taken the years day by day
We could show this world a thing or two
The way it is when love is true

Baby, we are the lovin' proof
Beyond a shadow of doubt
There's nothing we can't workout
When we put our hearts together

It's as clear as the light of day, we have found a way
Dreams can come true
We are the lovin' proof

Heaven knows it's not always easy to make it last
Seems like everybody else I know has a broken hearted past
But, every time things went wrong
We found the love to carry on

We fell into a feeling so right
We knew what we had
And we held on tight
Baby, we are the lovin' proof

Beyond the shadow of doubt
There's nothing we can't workout
When we put our hearts together

It's as clear as the light of day, we have found a way
Dreams can come true
We are the lovin' proof

Baby, we are the lovin' proof, beyond a shadow of doubt
There's nothing we can't work out
When we put our hearts together

It's as clear as the light of day, we have found a way
Dreams can come true

We are the lovin' proof
We are the lovin' proof
We are the lovin' proof
