

Grind

Danger Danger

Lights, camera action
You're the star tonight
Love, sex, passion
Do you feel alright?
You got the power, you're my flower
I am your honey bee, I taste so sweet
We are electric, spirits tantric
I am you and you are me

I'm gonna drive every inch of your curves
'Til you can't resist the urge

Grind
Bottom to the top, top to the bottom
Baby don't stop
Grind
Body and soul
Dance to the music

You're the dream, I'm the cream
You're the cherry on top of my sugar pop
I feel you shudder, you are butter
On my tongue, every drop

Beads of sweat drippin' down your skin
As you slowly pull me in

Grind
Bottom to the top, top to the bottom
Baby don't stop
Grind
Body and soul
Dance to the music

Grind
Bottom to the top, top to the bottom
Baby don't stop
Grind
Body and soul
Dance to the music
