

Ann Jaloo

Daniel Lavoie

You meet up with the right one
Suddenly you realize
That you're half way to heaven
And you've only seen her eyes
You'd given up on it happening
But here it comes
And what a surprise

Ann Jaloo Ann Jaloo Ann Jaloo I love you
Ann Jaloo Ann Jaloo Ann Jaloo I love you

You'd fallen in love in million times
And fallen out as much
Your heart became so cynical
You'd forgotten all about the rush
But Cupid sat in ambush
And hit you off at the pass

Ann Jaloo Ann Jaloo Ann Jaloo I love you
Ann Jaloo Ann Jaloo Ann Jaloo I love you

You grew up with the rest of us
With stars in your eyes
The world was such a wonderful place
Till the morning news opened those eyes
Then you didn't know if should feel bad
For the pain of the world
On your twenty inch screen when in all the confusion
Along comes Ann Jaloo

Ann Jaloo Ann Jaloo Ann Jaloo I love you
Ann Jaloo Ann Jaloo Ann Jaloo I love you
