

## City Boy

Daniel Lavoie

You say you are you say you are on the money trail  
You say you are fighting a winner this time  
You say you are you say you are on the materials' tail  
Ok so far bargain and willing this time

Set me free from the worldly  
Set me free from the mold  
Set me free am I early or am I just getting old  
Set me free in the mountains  
Set me free in the wind  
Set me free, did I find it or here we go again

Ahhh such a city boy

You say you are you say you are on the dream balloon  
Climbing climbing just can't get there too soon  
You say you are you say you are on the Loony Tunes tune  
Go out and get it find me that ultimate croon

Set me free from the worldly  
Set me free from the mold  
Set me free am I early or am I just getting old  
Set me free in the mountains  
Set me free in the wind  
Set me free, did I find it or here we go again

Ahhh such a city boy
