

# Blackacidevil

Danzig

Blackacidevil, all my own  
I've got to feel your heart beat next to my

Blackacidevil, all my own  
Do you want to look inside my soul

Blackacidevil, darkness bound  
Do you want to play with me  
Your blood runs cold

You have no soul

Your veins will burn

The hunger grows

Your brain shuts down, darkness crown  
Do you want to look inside my

Blackacidevil, all my own  
I've got to feel your heartbeat start to

Lose control

You have no soul  
You have no soul  
You have no soul  
You have no soul

Blackacidevil, venom rush  
Do you want to rush inside

Your heart stops dead

You have no pulse  
You burn like ice

Your thoughts go cold

The piercing starts

Beast in heat
