Dappy

And they don't know a thing about me  
They don't know a thing about me  
They don't know a thing about me  
'Cause they don't know a, they don't know a  
They don't know a thing about me  
Don't believe a word you hear about me  
They don't know a, they don't know a...

The ones who know you the least are always the first to judge ya  
But they don't know a thing about me  
They smile when they say at the end of the day  
What do you expect? They're only assuming  
Can't exactly stop them from assuming  
It's time they learn a thing about me  
So here's the truth, this album's full of fire, fire

All that I can be, is brutally honest  
And I don't wanna say no more  
I'm switch it in, five, four, three, two, one, off  
I still can say some shit and tie it on my skin  
Boy, when there's so much to address, tell me where the fuck to begin  
I think I'll start with my community  
When I see Cameron I should grab him by his neck and raise him up like a uni  
fee  
How could these greedy bastards put our taxes in their pockets?  
Fucking an MP, to me that just stands for maximum profit  
It ain't my fault, I'm from a jungle where them animals love to smoke 'nough  
Hid the can, chase the dragon and die of slow death  
Raise middle fingers to the system trying to hide the fact  
That we're poorly driven, I should pay Boris on his own test  
Take him to the truck, stick him in a hot chair  
At a blunt, chase and cook, now, that's a dope jail  
That's why we hate corps, but we loving the fame  
I'm glad I smashed the paparazzi's camera off the filthy gate  
That's roughed up shit, they all know I'm living a life  
But the money couldn't change me, that's why I'm still on the hype  
I'm just a man with a Visa, used to know Tulisa  
I don't know about facing my other dime on the vida  
I don't do my laundry in public, I tell the bus where to stop it  
I can pull my own strings, go suck a dick up in my paddy  
The only time you ain't no hooty is when you're wearing a jump-air  
Hear my guess around the dinner, around me since we've been young  
You're the only one to pull me when I never had none  
Always around me to follow when I'm the follow number  
I'm at all to sacrifice getting richer, just to help a brother  
But if I could I'd kidnap all undercover  
I still smoke cheese, getting beef, try me, I'm a bug  
I fuck the rap had sent to me, I'll get the fun up

And they don't know a thing about me  
They don't know a thing about me  
They don't know a thing about me  
'Cause they don't know a, they don't know a  
They don't know a thing about me  
None of the words you hear about me  
They don't know a, they don't know a...

You was my only release, my always the first to judge  
But they don't know a thing about me  
That's why what they say at the end of the day  
Won't you expect? We're only human  
Caught in sight, it's only for assuming  
It's time they learn a thing about me  
So here's the truth, this album's full of fire, fire

Now, that's just my intro
