Playing With Fire

I wait I turn Things are heating up But I keep looking at her

I see your curves We don't need no water We can just let it burn

Is it me or is it getting hot in here You keep touching on me But I don't care This ain't where you want me I want you yeah

You'll see tonight We'll leave tonight You'll fall tonight Yeah I can feel it heating up

You keep playing with fire You keep playing with fire You keep playing with fire You keep playing with fire

You keep playing with fire You keep playing with fire You keep playing with fire You keep playing with fire

I can feel it heating up I can make you fall in love

You keep playing with fire You keep playing with fire You keep playing with fire You keep playing with fire

The nerve of me To want your body all over me Gimmie the third Degree Baby I can't wait to see Is it me or is it getting hot in here You keep touching on me But I don't care This ain't where you want me I want you yeah

You'll see tonight We'll leave tonight You'll fall tonight Yeah I can feel it heating up

You keep playing with fire You keep playing with fire You keep playing with fire You keep playing with fire

Darin

You keep playing with fire I can feel it heating up I can make you fall in love You keep playing with fire Is it me or is it getting hot in here I can feel it heating up I can make you fall in love You keep playing with fire I can feel it heating up I can make you fall in love You keep playing with fire

You keep playing with fire You keep playing with fire You keep playing with fire You keep playing with fire
