

# Bald

## The Darkness

It would appear that male pattern  
baldness has set in  
his hair, at an alarming pace  
running away from his face  
he's losing his virility  
and now his masculinity  
has been compromised  
and his libido down-sized

Not for me, not for me, not for me, uh-uh  
not for me, not for me, heaven forbid  
it's not for me you understand

Bald, slap headed and hairless  
bald he is destined to be  
bald, well tonight thank God it's him instead of me.

From what I have been reading  
his scalp needs kneading  
to stimulate each follicle  
and reverse this diabolical  
condition that's afflicted he  
for years and has cruelly  
repulsed each potential mate  
and left him with a balding pate

Not for me, not for me, not for me, uh-uh  
not for me, not for me, heaven forbid  
it's not for me you understand

Bald, slap headed and hairless  
bald he is destined to be  
bald, well tonight thank God it's him instead of me.

Sock it to me baby, yeah!

Not for me, not for me, not for me, uh-uh  
not for me, not for me, heaven forbid  
it's not for me you understand

Not for me, not for me, not for me, uh-uh  
not for me, not for me, heaven forbid  
it's not for me you understand

Bald, slap headed and hairless  
bald he is destined to be  
bald, well tonight thank God it's him instead of me.  
Thank God!

Bald, slap headed and hairless  
bald he is destined to be  
bald, well tonight thank God it's him instead of me.  
How?
