

# Moloch

Darkwell

The mind, just fragments of pure machinery  
A soulless sum of madness and domination  
Not a godly, just demonic man creation  
Just awfully, thriving mankind into misery

Moloch the juggernaut, pure machinery  
Inhumanity, striking thunderbolt  
Moloch the loveless, a prison, just arisen  
Men remain bloodless

A debaucher, based on oil, stone and energy  
The deity, manifest in monuments  
Not a godly, soulless epiphany to the ends  
Just awfully, thriving mankind into misery

Moloch the juggernaut, pure machinery  
Inhumanity, striking thunderbolt  
Moloch the loveless, a prison, just arisen  
Men remain bloodless
