

# Everybody Needs

Darlene Love

Everybody needs a hero  
Someone who alway knows the way  
Just when you're sure that there is no other way  
He always saves the day  
And today is just another one of those days we know we wish had  
knew (?)  
one of those heroes  
'Cause everybody needs..

Everybody needs a good friend  
and in your life when ?  
You know you  
good friend was around no one could put you down  
And today is just another one of those days we know we wish had  
knew (?)  
one of those good friends  
'Cause everybody needs..
