

## Strange Love

Darlene Love

You've got ways of lovin' I never saw  
Not like any boys that I've known before  
Yes you gotta strange kind of love  
And I can't take it, can't take it no more  
Don't want you hangin' 'round my door  
'Cause you brought a strange kind of love to me

When you're seen in places you shouldn't be  
You tell everyone you're lookin' for me  
Yes you brought a strange kind of love  
And I can't take it, can't take your lies  
Don't want your silly alibis  
'Cause you brought a strange kind of love to me

And I can't take it, can't take it no more  
Don't want you hangin' 'round my door  
'Cause you brought a strange kind of love to me
