

# Stumble And Fall

Darlene Love

Bet you think I'm staying home every night  
Bet you think I can't wait to hold you tight  
But I'm not thinking of you at all  
While you're gone I'm having a ball  
But all at once I stumble and fall jut when I  
See you walking by with somebody new  
See you both having fun like we used to do  
So I try to stand proud and tall  
Deep inside I feel oh so small  
Because I know I'll stumble and fall every time

I'll stumble, stumble and fall right down  
Stumble, stumble right on the ground like a clown  
Every time you're around

Like a clown I stumble and fall  
Wish I never saw you at all

So I try to stand proud and tall  
Deep inside I feel oh so small  
Because I know I'll stumble and fall every time

Like a clown I stumble and fall  
Wish I never saw you at all  
Like a clown I stumble and fall  
Wish I never saw you at all
