

# Steppin' Out

Darlene Zschech

We're a generation saved by grace and set apart  
To change this land

We're standing strong and pressing on  
We know in Jesus Christs we can

The Church of God is growing every day  
We're taking ground

And we are steppin' out (Change our generation)  
We're steppin' out (Reaching every nation)  
With the favour of God on us  
Day by day  
We're movin on  
In every way  
We're steppin' out

We're the chosen few who speak His Word  
And manifest it in our lives

We're not moved by what the world say  
Got Jesus on our side

We're not dismayed by what we see with our eyes  
We walk by faith
