

# Christmas Dance

Darren Criss

Come on it's Christmas  
Well come on, it's Christmas time

Well, here we are again  
The magical season when  
All of the trees are dressed in light  
Time for a new December  
Time for you to remember  
The time of the year that ended right

So play a song that makes us make out when it snows  
A holly, jolly one that everybody knows, it goes

Get up, get down  
Well come on, it's Christmas  
Walking around  
Well come on, it's Christmas  
Time, time to really take a chance  
Can I ask, may I have this Christmas  
May I have this Christmas dance?

Carols from a choir  
Family by the fire  
Listening to Mariah sing  
The happiness in my head is  
Fuller than Santa's sled is  
And the only coal I'll get is  
Old Nat King

And when they pump it up  
My favorite Yuletide cheer  
My heart goes thumpedy thump thump  
Every time you're near, and I hear

Get up, get down  
Well come on, it's Christmas  
Walking around  
Well come on, it's Christmas  
Time, time to really take a chance  
So can I ask, may I have this Christmas  
May I have this Christmas dance?

We're gonna twist, twist, twist, twist  
Twist it like you made it on the naughty list  
And then shake, shake, shake, shake  
Shake it while you're waiting for your cookies to bake  
Now frost, chill, one more time

I said twist, twist, twist, twist  
Twist it like you made it on the naughty list  
And then shake, shake, shake, shake  
Shake it while you're waiting for your cookies to bake  
And now frost, chill

'Cause [?] singing falalas  
How'd you think the big man first met Mrs Claus?

He said, get up, get down, come on, it's Christmas  
Rocking around, come on, it's Christmas  
Time to really, really take a chance  
So can I ask, may I have this Christmas  
May I have this Christmas dance?  
Yeah, yeah, yeah

Ooh, come on it's Christmas  
Yeah, yeah, yeah
