## **Not Alone**

## **Darren Criss**

I've been alone Surrounded by darkness I've seen how heartless The world can be

I've seen you crying You felt like it's hopeless I'll always do my best To make you see

Baby, you're not alone Cause you're here with me And nothing's ever gonna bring us down Cause nothing can keep me from lovin' you And you know it's true It don't matter what'll come to be Our love is all we need to make it through

Now I know it ain't easy But it ain't hard trying Every time I see you smiling And I feel you so close to me And you tell me

Baby, you're not alone Cause you're here with me And nothing's ever gonna bring us down Cause nothing can keep me from lovin' you And you know it's true It don't matter what'll come to be Our love is all we need to make it through

I still have trouble I trip and stumble Trying to make sense of things sometimes I look for reasons But I don't need 'em All I need is to look in your eyes And I realize

Baby I'm not alone Cause you're here with me And nothing's ever gonna take us down Cause nothing can keep me from lovin' you And you know it's true It don't matter what'll come to be Our love is all we need to make it through

Cause you're here with me And nothing's ever gonna bring us down Cause nothing, nothing, nothing can keep me from lovin' you And you know it's true It don't matter what'll come to be You know our love is all we need Our love is all we need to make it through
