

Anna-Maria

Darwin Deez

A diamond ring this winter
It doesn't mean I'll win her
With icicles for fingers, yeah
So soon it's back to tinder

You look cute
You look sweet
But it's rude you ditched me
For Anna-Maria

Anna-Maria
The girl won't come around
But for Anna-Maria

You'll never be my baby, yeah
When all you say is maybe, yeah
A fire sale on [?]
But I know, I know you couldn't care less

You look cute
You look fine
I didn't know you took time
Anna-Maria

Anna-Maria
The girl won't come around
But for Anna-Maria

You walked by
You walked by
You walked by
You walked by
You walked by (You walked by)
You walked by (You walked by)
You walked by (You walked by)
You walked by (You walked by)

I'll never find my baby
When all you, all you do is hate me, yeah

You look cute
You look neat
But it's rude to quit me
For Anna-Maria (Anna-Maria)

Anna-Maria
The girl won't come around
But for Anna-Maria
(Anna-Maria, Anna Maria)

You walked by
You walked by
You walked by
You walked by
You walked by (You walked by)
You walked by (You walked by)
You walked by (You walked by)

You walked by (You walked by)
