

With You

Dash Berlin

Honest where I start from
I try to impart my wisdom
A combination of truth and fear
That's the way it's always been
My father and his before him
At times we hurt the ones we love so dear

I'll be with you
I'll be waiting for you
On the other side
On the other side

And the winds that blow
They'll guide you home
Get you through the night
Get you through the night
It'll all be right

I'll be with you
I'll be waiting for you
On the other side
On the other side
It'll all be right

My job to control you
Darling, though I barely know you
Hoping you grow tired and start giving in
Spout of holy water
Pour it on my only daughter
Maybe there's a shot she'll begin again

I'll be with you
I'll be waiting for you
On the other side
On the other side

And the winds that blow
They'll guide you home
Get you through the night
Get you through the night
It'll all be right

It'll all be right

I'll be with you
I'll be waiting for you
On the other side
On the other side
It'll all be right
