

Can't Grow Tired Of Your Love

Dave Barnes

When you say you love me,
It's something I can feel.
Your words like fire
Melt my heart of steel.
Only you do this to me.
So let's take two and turn us into three.
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Tell me baby,
What I can do
To take the love you give
And give it back to you.
Break it down, let me know.
Point your finger and baby, I will go.
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Cause I can't grow tired of your love
The sun will go down,
The tides will change.
It seems that nothing stays the same.
But you and me baby,
We're breaking rules.
We're leaving lonely to the fools.
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Cause I can't grow tired of your love
Cause I can't grow tired of your love
