

## Cold Winter

Dave Davies

I've seen you, cold winter,  
I know you, cold winter.  
You showed me no mercy,  
Still I shan't forget[?] the warning.  
You'll never know how it feels to be loved.  
I know you, cold winter,  
You broke my heart, cold winter.  
I missed you, warm summer,  
Never thought I'd see you, cold summer.  
You'll never know how it feels to be loved.  
I thank you, cold winter,  
Never leave that game[?] to life's story.  
You healed me, cold winter,  
You taught me how to face the morning.
