

# Baddest

Dave Days

Dreams don't come closer by themselves (by themselves)  
Gotta run faster than everybody else (-body else)  
In this business you've got one rule to follow (to follow)  
Be yourself, be first, keep doing it, you won't have no trouble

At the end of day,  
You've got no one else to blame but yourself for giving in

Take, take, take, take control  
Get that money, don't lose your soul, woah  
We are on the wall  
Who's the baddest of them all?

What, what are you fighting for?  
This is my life, go chase yours  
We are on the wall  
You're the baddest of them all

So, say what you mean, do what you say (what you say)  
'Cause bloods a big expense to have to pay (to have to pay)  
You never really know what you'll run into out there (there)  
You've got one job, kid, be prepared (be prepared)

Take, take, take, take control  
Get that money, don't lose your soul, woah  
We are on the wall  
Who's the baddest of them all?

What, what are you fighting for?  
This is my life, go chase yours  
We are on the wall  
You're the baddest of them all

(You're the baddest of them all)  
(We are on the wall,  
You're the baddest of them all)

Did you forget who you are.  
Bullet holes and scars  
If you can't feel it in your chest then  
How do you expect to feel anything at all?

Take, take, take, take control  
Get that money, don't lose your soul, woah  
We are on the wall  
Who's the baddest of them all?

What, what are you fighting for?  
This is my life, go chase yours  
We are on the wall  
You're the baddest of them all

Take, take, take, take control  
Get that money, don't lose your soul, woah  
We are on the wall  
Who's the baddest of them all?

What, what are you fighting for?  
This is my life, go chase yours  
We are on the wall  
You're the baddest of them all
