

I'm Coming Home

Dave Dudley

Got your face so pretty and your hair done right
Cause we're gonna do the town tonight
I'm comin' into town right on time I still got your lovin' on my mind
I'm a coming home gotta make some love I'm a coming home sweet
turtle dove
I'm a coming home to make sweet love to you

Well I see down the road there's a big truck stop
They got a pretty little waitress with the curly top
She's pretty as a doll pretty as can be
But don't you worry honey she ain't nothin' to me
I'm a coming home

Well I came to a hill and the truck looked down
Throttled the blow she's huggin' the ground
Scratchin' gears but I'm goin' again I'm comin' home baby I'm doggin' it in
I'm a coming home
Got your face so pretty
I'm a coming home
