

Don't You Double

Dave Edmunds

I'm in the mood to argue, girl
I'm in a mood to fight
'Cause baby I know you get a thrill
Thinkin' that you broke my will

I'm giving you a warning, girl
I'm giving it to you now
Oh, I've been feeling love's a crime
You got me doing time, yeah

Don't you double, don't you double
Don't you double cross me, baby
Don't you double, don't you double
Don't you double cross me, baby

County judge put her on parole
She run out of control
Baby, you know you made my list
For leading me on like this

I'm ashamed to say it, son
I'm under my baby's thumb
You're the only one around
That can bring the fever down, yeah

Don't you double, don't you double
Don't you double cross me, baby
Don't you double, don't you double
Don't you double cross me, baby

You're looking sad, you're looking blue
Oh, is she under your skin too ?
Now if you miss me, you better kiss me now, yeah

Don't you double, don't you double
Don't you double cross me, baby

You're looking sad, you're looking blue
Oh, is she under your skin too ?
Now if you miss me, you better kiss me now, yeah

Don't you double, don't you double
Don't you double cross me, baby
Don't you double, don't you double
Don't you double cross me, baby

Don't, don't double cross me, baby
Don't, don't double cross me, baby
