

How Could I Be so Wrong

Dave Edmunds

After all good times we've had
After all you've done for me

I must have been crazy to let myself believe,
You'd been cheating on me

After all I put you throw,
I was still not sure of you

And you've been so good, to me, all alone,
How could I be so wrong

How could i be so wrong
When you lived your life for me

There was nothing going on,
but i was blind with jealousy

How could i be so wrong
How could i be so wrong

Is there nothing i can do
Is there nothing left to say

Is it all to lay in the day,
for me to change my way

I'll do anything you say,
I can see now I'm too blame

Don't go, don't go ,
Baby please don't go
It's not too late

How could i be so wrong

How could i be so wrong
When you lived your life for me

There was nothing going on,
but i was blind with jealousy

How could i be so wrong
How could i be so wrong

Oh,How could i be so wrong ...
