

TWO GUITAR LOVERS

Dave Mason

Two guitar lovers
Dancing in the rain
It is uncovered
And it will remain
Out in the roads they're understanding
Over the time it's got its groove
Over the earth sometimes they're landing
Watch the waters move
Together with the

Two guitar lovers
Playing in the sun
It is uncovered
While they're having fun
Raising in firelight they see it
Living on rhythms of the mind
Saving on timing of the feeling heart
That's so sublime.
Gonna sing it for you

Two guitar lovers
Two guitar lovers
Play it for me, play it for me

Two guitar lovers
Now they're on the hill
Watching all others
While they're standing still
Seeing the changing situations
Over the time that's have passed them by
They're on their own in their space stations
And sometimes they fly
Together with the

Two guitar lovers
Two guitar lovers
Play it for me, play it for me
Two guitar lovers
Two guitar lovers
Two guitar lovers
