

# Forevermore

David Archuleta

There are times when I just want to look at your face  
With the stars in the night  
There are times when I just want to feel your embrace  
In the cold night  
I just can't believe that you are mine now

You were just a dream that I once knew  
I never thought I would be right for you  
I just can't compare you with anything in this world  
You're all I need to be with forevermore

All those years, I long to hold you in my arms  
I've been dreaming of you  
Every night, I've been watching all the stars that fall down  
Wishing you will be mine  
I just can't believe that you are mine now

You were just a dream that I once knew  
I never thought I would be right for you  
I just can't compare you with anything in this world  
You're all I need to be with forevermore

Time and again  
There are these changes that we cannot end  
As sure as the time keeps going on and on  
My love for you will be forevermore  
Ohhh, yeah---ey  
I just can't believe that you are mine now

You were just a dream that I once knew  
I never thought I would be right for you  
I just can't compare you with anything in this world

As endless as forever  
Our love will stay together  
You are all I need to be with forevermore  
Forevermore  
You are all I need to be with forevermore  
Hmmm---yeahh---yeah
