

# I'm Walking The Dog

David Ball

I'm a-walking the dog and I'm never blue  
I'm a-walking the dog and thinking about you  
I don't need no one to tie me down  
I'm a-walking the dog and painting the town

Such an easy life I never knew  
Until the day that I left you  
Well, I'm a carefree lad that's seen the light  
I'm a-walking the dog all day and all night

Well, I'm full of pep, I just can't grow old  
I got a one track mind so I've been told  
But I'm fancy free, I don't worry no how  
And I'm a-walking the dog all the law allow

Such an easy life I never knew  
Until the day that I left you  
Well, I'm a carefree lad that's seen the light  
I'm a-walking the dog all day and all night
