

Crack City

David Bowie

Oh come all you children
Don't grab that scabby hand
It belongs to Mr. Sniff and tell
It belongs to the candyman
Don't whore your little bodies
To the worms of paradise
Like Everest it's fatal
Its peaks are cold as ice
They're riding on the subways
They're riding on the streets
They'll ride you down to the gutters
They'll ride you off your feet

CHORUS

Gonna hit Crack City (Hit Crack City)

Piss on the icon monsters
Whose guitars bequeath you pain
They'll face you down to their level
With their addictions and their fast lanes
Corrupt with shaky visions
And crack and coke and alcohol
They're just a bunch of assholes
With buttoholes for their brains
You can't keep on riding
The pain you know so well
They'll ride you down to the gutter
They'll ride you down to hell

CHORUS

And you the master dealer
May death be on your brow
May razors slash your mainline
I'm calling you out right now
May all your vilest nightmares
Consume your shrunken head
May the ho-ho-hounds of paranoia
Dance upon your stinking bed
Don't look at me you fuckhead
This nation's turning blue
Its stink it fouls the highways
Its filth it sticks like glue

CHORUS

They'll bury you in velvet
And place you underground
The hatred of yourself
And the sufferings that conspire
To take your little body and throw it to the fools
And the hounds that rip your flesh
Only your mind can take you out of this
Only your mind or death

I'm riding on the subway
The subway down to hell
I've finished with this journey
I seem to know it well
