Girls

Girls, they come and they go They kiss, come and they go Like breeze brushing my cheek Like pain, like the tears on my face

Girls, they come and they go Like spirits, they vanish at dawn My heart suspended in time Like you vanish like tears in the rain

Girls, they take their loves away Like spirits living so far away

Girls, pretending to break down and cry Girls, whispering wind What are they giving away

We used to be so happy Remember, remember so happy I never knew how lonely How lonely, how lonely I could feel

Girls, they come and they go They kiss, they come and they go Like spirits brushing my cheek Like pain, like the tears on my face

Girls, they take their loves away Like spirits, living so far away

Girls, pretending to break down and cry Girls, whispering wind What are they giving away

We used to be so happy Remember, remember so happy I never knew how lonely How lonely, how lonely I could feel
