

## Summer Days

David Cassidy

I feel the sunlight on my face  
When I just close my eyes and I trace  
The footpath to your daddy's summer place  
Where I spent my early summer days.

Yeah, you gave your love to me and I remember perfectly  
High above all time and space and I remember summer days  
When you gave your love to me and I remember perfectly  
High above all time and space and I remember summer days.

Yeah, you gave your love to me and I remember perfectly  
High above all time and space and I remember summer days  
When you gave your love to me and I remember perfectly  
High above all time and space and I remember summer days.

Yeah, you gave your love to me and I remember perfectly  
High above all time and space and I remember summer days  
When you gave your love to me and I remember perfectly  
High above all time and space and I remember summer days.
