

Eastern Hymn

David Crowder Band

Bring us love, You who are love
Bring us peace, You who are peace

We need love, O divine love
We need your peace, Your merciful peace

Bring us love, O divine love
Bring us peace, You who are peace

How gracefully
You come along
How gracefully
You come

Glory, glory, glory
God is near to each one of us
Holy, holy, holy
God is near to each one of us

O grant us reprieve from the fighting
So we just rest our head on the shoulder of the One
In His arms we're forever grateful for the contact
O so blessed for a moment's rest
Weeping knowing we have been touched
Weeping knowing we have been touched
O we have been touched
