

## How Great

David Crowder Band

I'm so bored of little gods  
While standing on the edge of  
something large  
While standing here, so close to You  
We could be consumed  
What a glorious day

I give up, I lay down  
Rest my face upon this ground  
Lift my eyes to Your sky  
Rid my heart of all I hide

So sweet this surrender

How great Your love for us  
How great our love for You  
That grace could cover us  
How great Your love

How marvelous, how brilliantly  
Luminous, You shine on me  
And who can fail to give You awe  
To fear You, God, so sovereign and strong

What a glorious day  
What a wonderful day, today  
What a glorious day  
What a wonderful day, today  
Glorious day
