

# If We Ever

David Guetta

I've been fragile for a long time  
A big ol' hole inside my heart  
And I was searching through the valley  
Stumbled on love in the dark

Was afraid to try but afraid to never know  
What it feels like to be loved  
Had a hill to climb but the places we could go  
Oh, I gotta know

So if we ever fell in love  
Would the wind know? Would the pain go? Ohh  
So if we ever fell in love  
Oh, oh, ohh

I was empty it was all gone  
The birds would sing but made no sound  
Till I met you found I was all wrong  
You picked me up right off the ground

Was afraid to try and afraid we'll fall again  
Crashing down from the sky, you know  
Had a hill to climb but with you my heart will mend  
That's the one thing we all wanna know

So if we ever fell in love  
Would the wind know? Would the pain go? Ohh  
So if we ever fell in love  
Oh, oh, ohh

I just want to know  
(Know)  
I just want to know  
(Know)  
Tell me, tell me so baby  
I just want to know

I just want to know  
(Know)  
I just want to know  
(Know)  
Tell me, tell me so baby  
I just want to know

I just want to know  
(Know)  
I just want to know  
(Know)  
Tell me, tell me so baby  
I just want to know

I just want to know  
(Know)  
I just want to know  
(Know)  
Tell me, tell me so baby  
I just want to know

So if we ever fell in love  
Would the wind know? Would the pain go? Ohh  
So if we ever fell in love  
Oh, oh, ohh

So if we ever fell in love  
Ohh, I want to know  
What it feels like to be loved
