

# Rulership Of The Inner World

Dawn of Ashes

Building the structure of this Sacred Temple  
In metamorphic stages of the microcosm  
Ruling the hollow lands to fulfill it with indestructible life

KNOW THYSELF!

KNOW THYSELF!

Voices within  
Whispering the tales of the demigod  
Legion born from a fetus  
Destined to be reborn once again

Rulership of the inner world  
Rulership of the inner world  
Rulership of the inner world  
Rulership of the inner world

Abandon fear and grant the pleasures from the Black Arts  
Nevermore shall there be restrictions from freedom  
Take control of the inner universe  
Freedom is the passage to obey!

Freedom is the passage to obey!

We are taught to follow and absorb  
Ourselves into a state of sleeplike behavior  
Surrounded by the concept of submission  
Killing our rights to be masters of our own lives  
It's time to break that cycle

Voices within  
Whispering the tales of the demigod  
Legion born from a fetus  
Destined to be reborn once again
