Uh huh uuu uuhh
Uh huh uuu uuhh
Uh huh uuu uuhh
Uh huh uuu uuhh
Uh huh uuu uuhh
Uh huh uuu uuhh
Uh huh uuu uuhh

I don't know what's going on now baby
I don't know but it's the right time baby

I don't know who's gonna win
On top of me but baby I'll be fighting
I don't care if it takes all night yeah
Baby I'm gonna be the champion

Keep it right there when I'm doing this
Telling me give up, when you want this
I don't give a fuck now, I'ma be on top now
Show you what I'm there for
Oh we're playing tug of war (we're playin', we're playin', we're playin')
Baby, this love is war (we're playin', we're playin', we're playin')

You don't know what's coming to you
You don't know I'll put it on you

Babe I'm on a mission,
I see a spot and you left it right open
I don't care if it means you're losing
That's the point, I want you to feel it

I don't know who's gonna win
On top of me but baby I'll be fighting
I don't care if it means you're losing
Baby I'm gonna be the champion

Keep it right there when I'm doing this
Telling me give up, when you wanting this
I don't give a fuck now, I'ma be on top now
Show you what I'm made for
Oh we're playing tug of war (we're playin', we're playin', we're playin')
Baby, this love is war (we're playin', we're playin', we're playin')

Keep it right there when I'm doing this
Telling me give up, when you wanting this
I don't give a fuck now, I'ma be on top now
Show you what I'm made for
Oh we're playing tug of war (we're playin', we're playin', we're playin')
Baby, this love is war (we're playin', we're playin', we're playin')
