

# Terrified

Dayshell

She is the one you want  
Drowned in the sea of love

With my hands in the air  
I'm afraid I won't be terrified  
With my hands in the air  
I'm afraid I won't feel right

Stop spreading the truth  
If you know what's good for you  
Were you out of your mind, yeah  
Stop spreading the truth  
If you know what's good for you

She is the one you want  
Drowned in the sea of love

With my hands wrapped around your neck  
I'm afraid you won't survive  
With my hands wrapped around your neck  
It won't feel right

Stop spreading the truth  
If you know what's good for you  
Were you out of your mind, yeah  
Stop spreading the truth  
If you know what's good for you  
Were you out of your mind, yeah  
Stop spreading the truth  
If you know what's good for you

She is the one you want  
Drown into  
You!

Stop spreading the truth  
If you know what's good for you  
Were you out of your mind, yeah  
Stop spreading the truth  
If you know what's good for you  
Were you out of your mind, yeah  
Stop spreading the truth  
If you know what's good for you
