

Something in the way that I
Or the way.....?
Something in the shape and sound of your way

Will I fall to decide or will I grow to the meaning
here
Or will I keep open eyes
I can still feel the beating of...us

Cos I keep searching and all I ever find is a way
things could be
Don't stay
Cos I leave burns here for the mind

Something in the way that I
Or the way.....?
Something in the shape and sound of the way....

Somehow emotion feels stronger than I've felt for so
long
I've grown here in this moment
I feel closer than I've felt for so long why?

So I keep searching and all I ever find is a way things
could be
Don't stay
Cos I leave burns here when all I ever find is a way
things should be
Don't stay
For I get burnt here when
All I ever find is a moment of a word
The colder I become
Because I'm holding on inside

And I don't feel you there
Out there
I see you there
Out there

Why not come closer?

So we don't fit so we pretend so

So we don't fit so we pretend
