

Disconnect And Apply

Dead Letter Circus

I don't think I can take this one more day in one day
out

My tolerance has faded I am holding on here now why

I can't take another day of this
I don't feel it
I object to life inferior
I can't face another day of this
I don't feel it
I reject this life inferior

Feel the world inside my head
I'm fine

I can't even relate to all these dead end one way lines
Apply and disconnect here so that I can here the sound
in my (mind)

I can't take another day of this
I don't feel it
I object to life inferior
I can't face another day of this
I don't feel it
I reject this life inferior

Feel the world inside my head
I'm fine

Let go
Always I can find a way

I can't take another day of this
I don't feel it
I object to life inferior
I can't face another day of this
I can't feel it
I reject this life inferior

See you at work on monday
