

# Little Blue Volkswagen

Dean Brody

You're my pick me up, when I get stuck  
You're still my crush, you're my one true love  
What would I do, without you  
In my world

Sweet girl you know you're so fine  
You make me so happy with your easy smile  
Hangin' with you is like a Sunday drive  
You're so groovy baby, you're just like

A little blue Volkswagen  
Bein' with you is just so fun  
Like a little blue Volkswagen  
Baby you're just like a drop of sun

Sometimes it rains, sometimes it snows  
I got you, and you got me to keep you warm  
What would you be boy, without me boy  
In your world

Sweet girl you know you're so fine  
You make me so happy with your easy smile  
Hangin' with you is like a Sunday drive  
You're so groovy baby, you're just like

A little blue Volkswagen  
Bein' with you is just so fun  
Like a little blue Volkswagen  
Girl you're just like a drop of sun

You've got the cutest style  
You're writing all your songs  
I love your Gypsy heart  
In your blue eyes I get lost  
It's just like we're drivin' on

In a little blue Volkswagen  
Bein' with you is just so fun  
Like a little blue Volkswagen  
Baby you're just like a drop of sun

You're my pick me up, when I get stuck  
You'll always be my crush, you're my one true love  
What would I do girl, what would you do boy  
Without me
