## In the Misty Moonlight

**Dean Martin** 

In the misty moonlight By the flickering firelight Any place is all right Long as I'm with you

In a far away land On a tropic sea sand If your hand's in my hand I won't be blue

Way up on a mountain Way down in a valley I know I'll be happy Any place anywhere I don't care

In the misty moonlight By the flickering firelight Any place is all right Long as you are there

In the misty moonlight By the flickering firelight Any place is all right Long as I'm with you In a far away land On a tropic sea sand If your hand's in my hand I won't be blue

Way up on a mountain Way down in a valley I know I'll be happy Any place anywhere I don't care In the misty moonlight By the flickering firelight Any place is all right Long as you are there

In the misty moonlight By the flickering firelight Any place is all right Long as I'm with you

In the misty moonlight By the flickering firelight
