## Love Me My Love

**Dean Martin** 

Love me, my love And say you're mine Kiss me and hold me tight Let's make the most of tonight

Tell me, my love In words divine That we will never part Stay very close to my heart

No sweeter bliss No more than this Could I ever know Your tenderness, your sweet caress How it thrills me so Give me your love Your heart and soul Take me to heaven above And say you love me, my love

(No sweeter bliss) (No more than this) Could I ever know (Your tenderness, your sweet caress) How it thrills me so Give me your love Your heart and soul Take me to heaven above And say you love me my love Love me, my love Love me, my love
