

## Party Dolls and Wine

Dean Martin

Neon lights barroom bands hotel rooms one night stands  
When it's party time you'll find me at the head of the line  
Midnight cowboy singing his song to every girl who comes along  
My life's made up of party dolls and wine

Party dolls and wine yeah drink and let the good times roll  
Party dolls and wine making mem'ries for the days when I grow o  
ld

They say that someday I'll meet my match but until that time do  
wn the hatch  
With that bubbling sparkling tantalizing fruit of the vine  
I know someday I'll be put in my place but I'll die happy with  
a smile on my face  
Remembering all those party dolls and wine

Party dolls and wine yeah drink and let the good times roll...

Midnight cowboy singing his song to every girl who comes along  
My life's made up of party dolls and wine

Party dolls and wine yeah drink and let the good times roll...  
Party dolls and wine yeah drink and let the good times roll...
