

## Write To Me From Naples

Dean Martin

I can hear a mandolino  
Write to me from Naples  
Write me every day  
I love you and Naples  
More than words can say  
Call me Cara Mia  
Tell me all that's new  
Write to me from Naples  
Keep my heart with you

I can hear a mandolino  
Softly entice  
While I raise a glass of vino  
Praising your eyes

Since we said Arrivederci  
My poor heart cries  
For a letter from you

Write to me from Naples  
I love you and Naples  
Call me Cara Mia  
tell me all that's new  
Write to me from Naples  
Keep my heart with you  
Keep my heart with you
