

Take Me Away

Death Before Dishonor

I've toppled over
and I'm tumbling down
I've hit the floor so hard
I broke the ground
my hands are shaking
and my heads a mess
I can't stop
the pounding in my chest
reaching, bleeding, helpless
needing something to save me □ kill me
take me away
is there a light at the end
or is it just more pain?
it seems so far away
is every step in vain?
reaching, bleeding, helpless
needing, something to save me □ kill me
TAKE ME AWAY
I always said I wanted more
I guess you get what you ask for
(get it)
