Death Grips

Whats that
Can't tell
Hand held dream
Shot in hell
Deep space ghetto (streets)
Show me somethin'

Juke step electrocute the floor
Whats the science on
Flyin' that high
Got a no-no goin', one time

Creeps up behind me
Over my shoulder
Turn around try to see

Noided, noided
Static on my blindside

Desensitized by the mass amounts of shit

Armored cop open fire Glock
On some kid who stepped so
Fast was hard ta grasp
What even happened til you seen dat head blow
Off his shoulders in slow mo
Rewind that, is so cold
