

## Demon Lady

Debauchery

Yeah she likes the metal and the rock  
And she likes sex and my big cock  
And she likes it hard and she likes to roll  
And she likes me and my big balls  
She's my hot devil, straight out of hell  
I'm obsessed, bound by her spell  
Long legs, swinging her hips  
I'm going crazy sucking her tits

She's my demon lady  
Hot devil baby  
She's my demon lady  
Hot devil baby  
She's my demon lady  
Nice bitch rock'n'roll  
She's my demon lady  
Breaking my balls

When she's coming into the room  
All men's eyes start to zoom  
They like her tits and ass  
Like she likes her sex toy out of glass  
I keep her safe, that is my duty  
She's my life, my wife, my beauty  
I'm burning down in her sunshine  
But I'm so proud she is mine

She's my demon lady  
Hot devil baby  
She's my demon lady  
Hot devil baby  
She's my demon lady  
Nice bitch rock'n'roll  
She's my demon lady  
Breaking my balls

Yeah she likes the metal and the rock  
And she likes sex and my big cock  
And she likes it hard and she likes to roll  
And she likes me and my big balls
