

## Faith And Fire

### Debauchery

I will cut you fucking up  
I will beat you fucking down  
I will fuck you fucking up  
Then let you fucking drown

I kill your friends and  
Kin and cut you up  
I hang you high then  
Let you fucking drop  
You will get a hammerblow  
To your spine  
That's what you deserve  
You fucked up swine  
I cut your legs off  
Feed them to the maggots  
All the while you pray  
To your false god  
I rip the eyes out of  
Your fucked up skull  
That's your reward for  
Plotting my downfall

Come over here  
And I will kill you  
Your mother, all your  
Kin and friends too  
Your wife anal  
Raped and fucked  
After that I want  
My dick sucked  
Your suffering  
Gives me pleasure  
It will not be as funny  
As some teenie slasher  
You will scream  
And sob and cry  
But in the end  
You will just die
