

# Did You Ever Love Me

Deborah Cox

Heartfelt conversations we had every single night, lying in bed  
together,  
So why would there ever be a breakdown in communication,  
And I'm just wondering was that the warm and fuzzy feeling

Those good old days seem like so long ago  
I thought you cared about me then, but now I don't know  
Was there ever really love at all in your heart  
Was there ever really love at all  
Did you ever love me

I wanna go back, way back to the beginning when we could rely o  
n each other  
Oh, I felt like a goddess floating on a cloud. why'd you have t  
o bring me down  
With all this pain and disappointment, confused and bitter, bro  
kenhearted  
With all the mysteries and my love memories

Those good old days seem like so long ago  
I thought you cared about me then, but now I don't know  
Was there ever really love at all in your heart  
Was there ever really love at all  
Did you ever love me

I painted this perfect picture of you and me in my head  
I sacrificed my mind, body, and soul. you showed me you didn't  
care  
Now did you ever stop and think about how you made my life a li  
ving hell  
It's so hard believing that you would treat me like this  
Now I'm questioning over and over

Did you ever love me? did you ever love me?  
Tell me baby, baby, baby, baby  
Was there, was there ever really love?  
Was there ever love at all?  
Did you ever love me?  
I need an answer cause once this problem's solved  
I can finally resolve and get over you  
I need an answer cause once this problem's solved  
I can move on, oh yes  
Did you ever love me?
