

Walking Dead

Decyfer Down

Pull the trigger now-end me
Mark me for the kill
Like I marked your hands your feet I spilled
All your blood flowing deeper
To suffocate the sin
Till I drown in you again

I am so alive
Since you took my life
I'm walking dead now
Only you remain
I'll take the life you gave
I'll walk from the grave
I'm walking dead now
I am not afraid

Stab it deeper now-spill me
My body left for dead
Like I pierced your side until it bled
And the blood
Flows freely
It fills me till I see
That there's nothing left of me

I am so alive
Since you took my life
I'm walking dead now
Only you remain
I'll take the life you gave
I'll walk from the grave
I'm walking dead now

I am so alive
Since you took my life
I'm walking dead now
Only you remain
I'll take the life you gave
I'll walk from the grave
I'm walking dead now
I am not afraid
