Twenty-one years and you answer the call Hollywood screams from your bedroom wall You can't get away from the thrill of it all

Bye-bye baby Get me out of here I'm done A girl gone crazy You ain't foolin'anyone

You can't sing can't dance
Can't fit in your pants
You're a bad actress
You can't run can't walk gotta learn how to talk

Come on down and walk the moonlit mile You've got the perfect teeth You've got the perfect smile You do it all wrong but you do it in style Oh yeah

You're a bad actress

You can't read can't write gotta learn how to fight You're a bad actress
You're too cold too old and the story's been told bout
The bad actress
