

Ma Belle Scalpelle

Defleshed

I taught Gabrielle about ma belle scalpelle

I used ma belle scalpelle on my sweet Gabrielle, buried in her
flesh,
Funny how it cuts through sinews, veins and stuff, even smaller
bones

I tied her with wet leatherbands around her head the arms and l
egs
While they dried they also shrank, so she cried but later also
died

Then when the skull was cracked I could save the brain intact,
for a rainy day
Her eyes were beautiful which I up her cunt and tight rectum

I picked up ma belle, sliced parallelles
Her skin could then be seen as beautiful patterns

Scotches through the skin, can you feel the groove ?

With ma belle scalpelle I simply cut and sliced her well around
the fontanell
Then I looked and laught, a eye-
sinew out her cunt like a used tampon

My friend work at the morgue and he's so bored
To see all these self-deceased bodies
This was my small gift so he will cheer up
Next time I see him he'll talk for hours...
